

David Ballinger

Web Developer • Connecticut, US • manderfall@gmail.com

Hard working and enthusiastic full-stack web developer with strong problem solving, multi-tasking, and teamwork skills. Aiming to leverage my abilities to migrate career paths and successfully fill the Web Developer role at your company. Actively seeking frontend opportunities with progressive organizations using modern technologies such as JavaScript, CSS, HTML, Node.js, MongoDB, Express and more. I am excited to work as a team in an ever changing environment that challenges their employees to stay on the cutting end of the industry.

Education

- The Web Developers Bootcamp, Udemy

An introductory education to everything HTML, CSS, and JavaScript. This includes Bootstrap, Flexbox, Nodejs and more.

- The Advanced Web Developers Bootcamp, Udemy

A more in-depth view of the web development world. Taking the student through each aspect of development such as, CSS animations and transitions, Object Oriented Programming, Express, Mongo, and an introduction to React.

- The Modern React Bootcamp, Udemy

A class for one of the most popular JS libraries, the course includes topics such as, JSX, Props, State, LifeCycle Methods, Next JS and many more.
